Obtaining your GIT/PG License

Starting the process.....

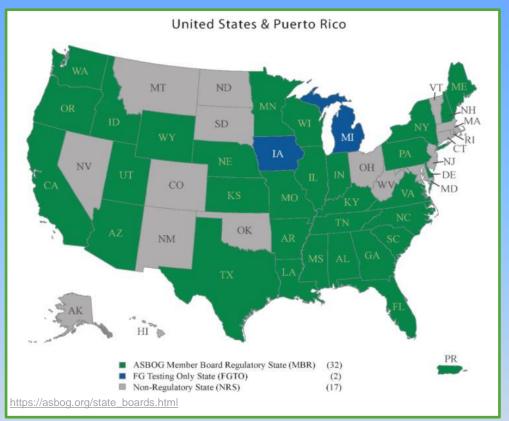

Why Do Geologists Need a Professional License?

• Why register?

- <u>Illegal</u> to practice without a license in PA and 31 other states (oil & gas geologists generally exempt)
- Geologic data often involves public health, safety, and welfare
- PG's use sound geologic principals to avoid endangering the public or the environment.
 - License Benefits
 - High professional & ethical standards
 - Protects jobs of well-qualified geologists
 - Most geologic reports submitted to regulatory agencies require a PG seal.

Geologist-in-Training (GIT)

- The First Step to a PG is a GIT
- Requirements are the same as a PG EXCEPT for Experience
 - Good Moral Character
 - College Degree in Geology, Geochemistry, Geophysics or Engineering Geology
 - Five years of geological work
 - Two examinations to demonstrate minimum competence
 - Fundamentals of geologic knowledge (FG)
 - Practice of geology (PG)
- GIT requires passing the FG
- Applicants responsible to submit documentation substantiating coursework
- After 5 years of appropriate & progressive work experience can qualify to sit for PG exam

Get a Geologist in Training Certificate (GIT)

- A Geologist In Training Certificate (GIT), issued by the Commonwealth of Pennsylvania State Registration Board of Professional Engineers, Land Surveyors and Geologists, requires the same education and standards as a Licensed PG.
- Provide three references from Licensed Professional Geologists.
- The FG exam is based on a diverse knowledge of geologic terms and concepts learned during undergraduate education so it's beneficial to take the FG while still in school or soon after graduation.
- Take the FG exam if you have completed at least two or more years of an appropriate geology program if approved by the board but the GIT certificate won't be issued until you submit proof of graduation.
- A GIT only has to demonstrate five years of appropriate and progressive work experience plus the required professional references to qualify to sit for the PG exam.

PG/GIT Educational Requirements

- 4-year geology, geophysics, geochemistry, or engineering geology degree
 OR
- A degree and 30 sem. credits of geology, 24 must be 300-level or above
- Must have Structural Geology and Field Geology on transcript
- GIT Only: Board may approve sitting for the FG exam for a Junior or Senior who already has Structural Geology and Field Geology on their transcript
- Transcripts are reviewed by the Licensing Board

Common Geology Courses

Field Geology* Physical Geology Mineralogy Geophysics Sedimentology Soil/Rock Mechanics Structural Geology* Historical Geology Geochemistry Stratigraphy Hydrogeology Environmental

Tectonics Petrology Engineering Geology Paleontology Geologic Hazards

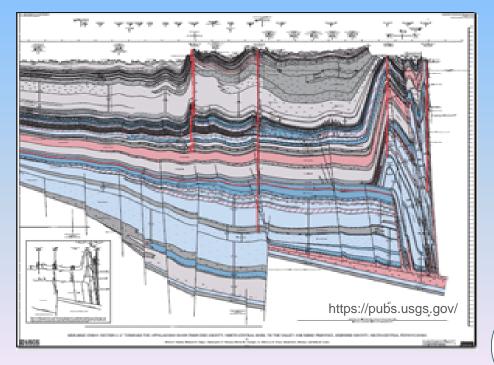

*Required

From the Law...

(2) The formal education required under this subsection must include **field geology and structural coursework** that is sufficient to **demonstrate** that the candidate has **educational experience in tectonics and fractured bedrock** geology **and** the **field methods** needed **to measure, map and evaluate geologic data***

GIT Certification & PG License Application Workflow 2

Apply for License/Certification with PA Dept. of State thru PA License System (PALS)

https://www.pals.pa.gov/#/page/default

The Board reviews your application \$50 Apply for Exam Pearson VUE

https://home.pearsonvue.com

Create online account and register for exam(s) \$175 each **Take Exam** Association of State Boards of Geology

http://www.asbog.org/

ASBOG writes and grades the FG and PG Exams

Licensure is Managed Though the PA Dept. of State

Pennsylvania Council of Professional Geologists (PCPG)

- Professional Organization
- Represents Working Geologists
- Professional Advocacy, Education, Networking

Pennsylvania Department of State, Bureau of Licensing and Professional Affairs State Registration Board of Engineers, Surveyors, and Geologists

- Manages Licenses
- Reviews License Applications
- Hears Disciplinary Actions/Appeals

PCPG was formed in 1989 to lobby the PA State Legislature to adopt licensure for Professional Geologists which was passed in December, 1992. PCPG is not the PA licensing Board.

For Information Start with Pearson Vue Website: https://home.pearsonvue.com

About the ASBOG Exam(s)

- Fundamentals of Geology: 140 Questions
- Practice of Geology: 110 Questions
- Must receive a score of 70 percent to pass
- <u>Study</u> for at least 12 months, consider taking review course
- Best to take the FG while the info is fresh from school
- Includes sample questions and answer key in all disciplines

Content Domains	FG %	PG %
A. General and Field Geology	21	20
B. Mineralogy, Petrology, and Geochemistry	11	5
C. Sedimentology, Stratigraphy, and Paleontology	12	6
D. Geomorphology, Surficial Processes, and Quaternary Geology	13	8
E. Structure, Tectonics, and Seismology	11	8
F. Hydrogeology	12	19
G. Engineering Geology	11	19
H. Economic Geology and Energy Resources	9	15
TOTALS	100	100

Deadlines and Recommended Timeline

ASBOG Exam Date	Last Day to Schedule thru Pearson VUE	PG License Application** Submitted to PA DOS
October 7, 2022	September 7, 2022	July 15, 2022
March 17, 2023*	February 15, 2023	November 30, 2022
October 6, 2023	September 6, 2023	July 15, 2023
March 15, 2024	February 14, 2024	November 30, 2023
October 4, 2024	September 4, 2024	July 15, 2024
March 21, 2025	February 19, 2024	November 30, 2024
October 3, 2025	September 3, 2025	July 15, 2025

- Deadlines are firm dates. Be sure to check the websites, to make sure nothing has changed
- **All supporting documentation and forms must be received by date
- Application must be approved prior to scheduling exam with Pearson Vue
- Suggested timeline:

*The ASBOG FG & PG exams will be changed to an online format starting with the March 2023 exam.

Continuing Education

sure to print this email as it serves as your continuing educa

EREBY AWARDED THIS CENT ITINUING EDUCATION EVENT.

GEOLOGIST THIS IS TO CERTIFY THA

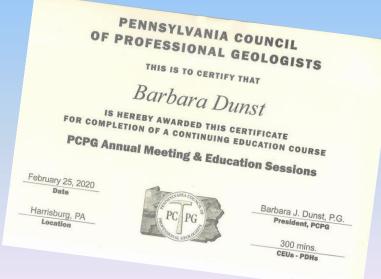

Berbara J. Dunst, P.G., PCPG President CEUs - PDHs: 60 mins

Barbara Duns

WARDED THIS CERTIFICATE FOR COMPLETION OF

Water Law Meets Geology of Change: Pennsylvania and Wat

- Act 25, 2010
- 24 hours every 2 years
- Continuing education courses, professional society talks, conferences
- College courses, publications, patents
- Must maintain Activity Log

PCPG is a Great Source for Continuing Ed!
